

Voters Approve Issues, Officials

A handful of Sierra Madre voters returned four incumbent city officials to office Tuesday and approved two ballot proposals.

Total votes cast were only 819. This is just 20.2 per cent of the estimated 4055 registered voters here.

BACKSLIDING - HUSBANDS
DEPARTMENT: A group of local women are trying to get their husbands to attend the Easter Sunrise rites at the Wistaria Vine. It was planned that they all would go together and then return to one of the homes for breakfast. At last report, however, the males were conspiring to stay at home so they "can help by fixing breakfast." They figure they probably can get an extra 45 minutes' sleep that way.

The Declaration of Independence contains 300 words. Lincoln's Gettysburg Address contains 266 words. But the Office of Price Stabilization's order to reduce the price of cabbage numbers 28,911 words. Why? Search us. But maybe this will help tell us why. In a recent Washington speech, an official of the National Production Authority announced:

"We are peaking our program philosophically but it is naive to assume the allotment program is an equity program unless the allotments are so abysmally low that they permit the agency to relax and allow market determination as a percentage of base period, sidetracking military return with adjustments.

"This is based on use levels proportionately and is in the market test sense. We now have a quantitative framework with marginal qualitative allocations to formalize the procedure for further refining and implementing of our objectives."

Uh—yes, yes, of course.

Rusty and Anne report they doled out 500 free ice cream bars to youngsters on the Mall Shop Friday. That's a big chunk of good will, we'd say.

Sierra Madre has a new candidate for the "world's meanest thief" laurels. Louise Farrow, 10, of 264 N. Baldwin, told police that someone stole her four-wheeled scooter from where it was "parked" in front of the Sierra Madre Hardware Company, 31 W. Sierra Madre boulevard.

"I was only in the store for about 10 minutes," the sad little girl related. Any identifying marks? asked police officers. "Sure," she answered brightly. "A bobby pin is used on one of the rear wheels instead of the cotter pin."

Smallfry Await Big Easter Party

A big afternoon of fun is slated for Saturday, April 12, when the Sierra Madre Volunteer Fire Department presents its annual Easter Party at the City Park.

The frolic will begin at 2 p.m., and all youngsters—12 years of age and under—are invited to take part.

One of the highlights will be the traditional Easter Egg hunt, with cash prizes going to boys and girls finding the golden-colored eggs. Another prize will be won by the youngster collecting the most eggs. Besides the egg hunt, numerous contests and games of skill are planned to round out the afternoon.

Fire Chief James C. Heasley announced that the contests will be broken down into various age groups so all children can compete.

Volunteer firemen have been preparing 1000 bags of candy Easter eggs to be given all the boys and girls.

Proposition No. 1, the public library location measure, was the only real contest in the municipal election. It passed easily by a better than 2-to-1 majority.

Five hundred and fifty-four voters approved the measure, while 228 citizens registered "no" votes. With its passage, library trustees now have a free hand to build Sierra Madre's new public library on the present site, 442 W. Sierra Madre boulevard.

Proposition No. 2, which hikes the honorarium paid the city treasurer from \$30 to \$50 a month, passed by almost a 5-to-1 majority. The vote: 604 Yes; 143 No.

Councilman Henry F. Korsmeier won re-election with 681 votes. Councilman Charles James also was re-elected with 700 votes.

City Clerk Marie Warfel and City Treasurer Carlton J. Pegler both were re-elected with 725 and 721 votes respectively.

Nine write-in candidates amassed a dozen votes. They included Harvey Steinberger, 2; Al Myers, 2; John Fitzgerald, one vote for councilman and one for treasurer; Henry B. Nuetzel, 1; Francis Eakman, 1; Jack Fetters, 1; Frank Cox, 1; Paul Carter, 1, and Earl Topping, 1.

The City Council was scheduled to meet last night to count and tally eight absentee ballots. The councilmen will then meet next Tuesday to canvass the vote.

City Asked To Set Back Pool Fence

A proposal to set back the fence surrounding the Canyon Swimming Pool during the nine months it is not in use was being explored by city councilmen this week.

And Councilman Charles James, a member of the Recreation Committee, intimated that the recreation body would also study the matter.

"It has not ever come before the Recreation Commission," Mr. James stated, "but it is my personal opinion that he (Joseph P. Nash, 551 Alta Vista Drive, who made the appeal) may have a point."

Councilman Noren Eaton pointed out that it is "an imposition" on canyon people to obstruct their entire area . . . with a fence that is used only three months during the year.

If it were not there, he said, trucks could turn around at that point and would not have to go up farther into the canyon to make their turns.

Vernon Udell Quits City Job

Vernon A. Udell resigned as assistant street superintendent last week, ending more than 20 years of service with the city.

A letter of appreciation for his "many years of service" was ordered sent Mr. Udell by the City Council.

In his letter of resignation, Mr. Udell said he was accepting employment where there are "more advantages and better pay."

U.S. SENATOR WILLIAM KNOWLAND chats with J. Caden Jenkins, chairman of the Sierra Madre committee to re-elect him, concerning his major address at the City School Auditorium this evening, April 10. The event will be one of the senator's few California appearances and the first time a prominent national figure has made a principal campaign speech in Sierra Madre.

Knowland Talk Set for Tonight

William F. Knowland, United States Senator, will deliver a major address this evening, April 10, at the Sierra Madre City School Auditorium. The meeting, one of Senator Knowland's few West Coast speaking engagements, is open to the public and will start promptly at 7:15 p.m. This is the first time a U.S. Senator has made a principal campaign address in Sierra Madre, according to J. Caden Jenkins, chairman of the U.S. Sen. William F. Knowland Re-election Campaign Committee.

Aside from only a few personal appearances, Sen. Knowland's campaign is being conducted for the most part by his supporters.

A question and answer period will follow the senator's speech, and then he will leave immediately after the meeting in order to be back on the floor of the Senate tomorrow, April 11.

Among the points he is expected to discuss are such "hot" legislative measures as the Tidelands Bills and the Fallbrook water suits, Mr. Jenkins said.

Members of the senior California senator's committee in Sierra Madre include Mayor William A. Kinney, Lawrence McGinnis, Harry Lange, Harry Snow, Miss Elsa Seifert, William F. Mooney, R. C. Lewis, Tom Schwartz, Councilman Noren Eaton, Harold Roberts and Don Jackson.

Mrs. Lucille Eaton, chairman of the Women for Knowland in Sierra Madre Committee, and president of the Sierra Madre Republicans, completed most of the arrangements for the meeting.

EASTER TREATS were given youngsters at the Toy Loan cottage Tuesday by members of the sponsoring Civic Club. More of the marshmallow bunnies will be given boys and girls this afternoon, from 2 to 5 p.m. Receiving one of the goodies from Mrs. Robert Bettencourt, Toy Loan chairman, is Candy Bush, center front. Others in the picture are, left to right, Nancy Taormina, Mary Ann Morse, Mrs. Clyde Hoover, toyarian, seated with Janet Bettencourt, 1 1/2, in her arms, Larry Morse, Ronnie Morse, Victor Taormina and Marlene Smith, who is in charge of sanitizing the toys after they are used.

MAYOR NAMES PARKING GROUP

Boxer Watchdog Flunks Test; House Looted

Richard Sadlowski's boxer watchdog was given his supreme test last Thursday—and failed, miserably.

Mr. Sadlowski, 481 Camillo, had retired for the night, secure in the belief that the dog would safeguard his home.

Sad disillusionment greeted Mr. Sadlowski in the morning when he arose to find the boxer locked out of the house and two wallets apparently stolen from within. Total cash loss, however, was \$1, police said.

Officers theorized that burglars lured the "watchdog" outside, locked him out, and then leisurely went about their looting activities.

COMMITTEE WILL STUDY DOWNTOWN PARKING

A 23-member traffic committee was appointed by Mayor William A. Kinney and confirmed by the City Council Tuesday night to study Sierra Madre's downtown parking problem.

The committee, with Councilman Lawrence Washburn as temporary chairman, will study the recent survey of downtown parking made by the Automobile Club of Southern California.

Named to the committee were the following:

Mrs. E. W. Beutler, Mrs. George Bouvier, Mrs. John Conzelman, Mrs. Charles James, Felix Gibian, Alan K. Thompson, Allen Hicks, A. P. Nilles, Dan Strite, Rudolph Hartman, Don Jackson, Harry Lange, Sam Perloff, Harold Stein, Al E. Morgan, Lloyd Welch, V. C. Hall, Jessie Dunning, City Administrator R. Merritt Baker, Police Chief Gordon G. McMillan and Mrs. M. R. de Wright, chairman of the Planning Commission.

City Attorney T. Guy Cornyn will serve on the committee in an advisory capacity.

Mayor Kinney said if anyone feels any other citizens should be included on the committee he would welcome the suggestion.

Diana, 9, Has Brain Operation

Little Diana Johnson, 658 Orange Grove, went under the surgeon's scalpel yesterday for delicate brain surgery at St. Luke Hospital.

Diana, 9 years old and a student in the fourth grade, was operated on by Dr. William Grant, the same noted brain surgeon who worked on Donny Martin, brave Canadian boy who came to the Southland for the same operation several months ago.

Diana is the daughter of Mr. and Mrs. Harold Johnson, 658 Orange Drive.

Easter Eggs Vie Today At Playground

If you have a gaily decorated Easter egg, take it to the City School playground this morning. It may win a prize for you.

John Oden, recreation director, invites all Sierra Madre youngsters to take part in the city-sponsored Easter party, beginning at 11 a.m.

Oden explained eggs-actly what he meant by announcing that awards will go to owners of the "most unique eggs." Local boys and girls have been letting their artistic talents go full rein for the all-out effort this morning.

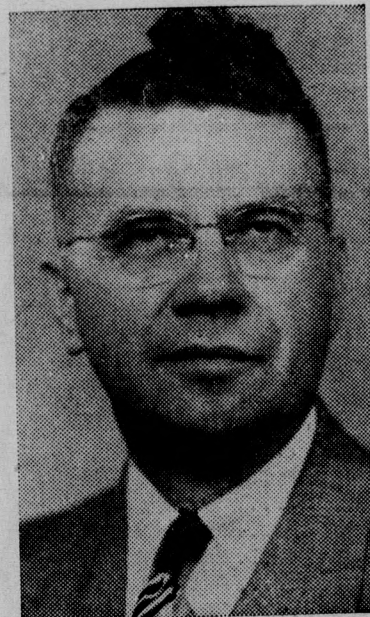

Voter Rolls Close Tonight

You still have time, but you had better hurry.

Today, April 10, is the last chance you have to register to vote in the June 3rd Primary Election.

Local deputy registrars expect to be working late into the night making late signups before the midnight deadline. Mrs. Marjorie V. Rizzo, 161 N. Hermosa, said deputies would be stationed out on the downtown streets this evening if enough demand warranted it.

If the weather is too chilly or damp for outside work, deputies will be stationed in the City Hall this evening.

Lions Speaker To Describe Solar Hobby

The Rev. D. V. Johnstone, minister and astronomy hobbyist, will address the Sierra Madre Lions Club this evening, April 10, on the subject, "A Yardstick of the Universe." The Lions meet at the Woman's Clubhouse at 7:15 p.m.

According to Ralph (Pappy) Welch, program chairman, the Rev. Mr. Johnstone's talk will bring the solar system and universe down to understandable . . .

NURSERY SCHOOL GROUP SCHEDULES PARENTS' PANEL

Sierra Madre Community Nursery School Association will conduct its fourth annual Parents' Panel on April 15, 8 p.m., at the Nursery School Building, 701 E. Sierra Madre boulevard.

Members of the panel this year will be Mrs. Gerald Marugg, who will discuss the "New Baby" and how it is accepted into the family. A. L. Pittenger's topic will be "Responsibility Within the Family" and how the parent should adjust responsibility to each child's ability to accept it and how the responsibility should be divided within the family.

Mrs. Richard R. Whittemore feels that "Mental Health in the Family" is as important as physical health. "Do We Enjoy Our Children Enough?" will be the subject of James O. Johnson's discussion about the attitude of fathers toward their children. Garland Smith will discuss the "Impact of the Nursery School on the Home" and his family's experience in

carrying over into the home what they have learned through their participation in the Nursery School program. Mrs. Marion Gale will be the moderator.

These panels are conducted to allow parents an opportunity to speak for themselves about their experiences with pre-school children, the problems they face and try to solve, and what suggestions they have for other parents. An open discussion period will follow the panel.

Mrs. J. M. Troll and her committee will serve refreshments.

Institute Slates French Movie

The prize-winning motion picture traces the existence of a French family throughout a single year. There are no professional actors in the cast.

Being shown at the Institute this month, through April 27, is an exhibition titled "The Lorser Feitelson Retrospective American Paintings" of Edgar Ewing.

There is no admission charge for the program, which will be commemorating the birthday of the Immortal Bard. Several Sierra Madre residents are planning to attend, according to Caroline Converse of South Pasadena, program chairman.

Study Groups Set Meetings

Bi-monthly adult education study groups will continue their discussions of music and books for children on April 22 and 29.

These meetings, sponsored by the Community Nursery School Association and a part of the Adult Education program of the Pasadena City Schools, normally are held the second and fourth Tuesdays of each month at 8 p.m. in the Nursery School Building, 701 E. Sierra Madre boulevard, and are open to anyone interested in preschool development.

This month, however, because of the Easter vacation period, the meetings will be held on the fourth and fifth Tuesdays.

QUEEN'S VISIT STIRS MEMORIES

The arrival of Queen Juliana of the Netherlands in this country takes Mrs. Lee Shippey, 297 Toyon Road, back to her school days.

Mrs. Shippey was in school in Holland during the years 1913-1916 studying languages, and one of her school and playmates at that time was Princess Juliana, now queen of the Netherlands.

FIRE FLAMES

When the children visit the Fire Station and ask where the men sleep and where is the fire pole, it is not easy to make kindergarten boys and girls understand the difference between our local so-called volunteer fire department and the station they visited in Pasadena, or some other well-organized and well kept station.

They can't understand why it is necessary for men to be at the fire station in Pasadena and not in Sierra Madre Well, that's a good question.

The children of the city are not alone in taking things for granted as to the operation of their fire department. We find every day, some folks who do not know they are protected by a volunteer organization. They do not realize that the men give a great deal of time to training and attending meetings to learn more about fire fighting.

It is true that the present membership does not spend evenings building old cars into fire trucks and evening after evening repairing some piece of equipment. This should not be asked or expected of them. If there are any persons who would enjoy doing this, there are openings in the fire department for them. The men of the department do much to save the taxpayers a great deal of money.

Just as long as matters pertaining to fire continue as at present, there is not too much use for more equipment, but because fire comes when least expected, it is not wise to skimp on fire fighting tools. At the present time, we are expecting a shipment of good fire hose to replace some that is more than old enough to "retire" to the city yards for other uses. More is needed and another order will be recommended by the fire department.

The much talked of "competitive drills" are now in progress. Last Friday, crew number one evened matters by winning the contest for the evening. After the completion of these drills, the losers must pay for a stag dinner to be held in celebration of the contest.

Woe unto those who fail to appear at the drill grounds. Even though they may not intend to attend the dinner, they will pay and pay. Let this be a warning!

Never a drill that there is not an unexpected difficulty. This makes the drills of great value. Common errors are quickly corrected and the location of tools learned.

In the midst of the exciting struggle to gain speed, "Pappy" Thomas got too close to the outlet of one of the fire plugs last week. The result was that he had to go home and hunt up some dry clothes.

The recent practice found one of the fire plugs damaged. This has been done either by vandals or some one using the

P-TA Cancels April 17 Meet

Next Thursday's scheduled meeting of the Sierra Madre Parent-Teacher Association has been canceled, Mrs. Martha S. Coutant, publicity director, announced today.

Mrs. Coutant said the P-TA is holding off its session in order to cooperate more fully with the annual Public Schools Week program, to be held within the next three weeks. The event will be sponsored by Sierra Madre Lodge No. 408, F. and A. M.

plug illegally. To use a pipe wrench on fire plug fittings can damage them so that regular wrenches used by fire fighters may not fit. In an emergency, firemen use a pipe wrench, but in a manner that the fitting is not injured.

In order to be pretty well cleaned up for the dry season, residents are asked to start now and keep rid of inflammable materials. If burning is necessary, and you expect to get a permit, you should not wait until the dry season is here. It won't be long, but the dry weeds will be long.

Look around. If there is dangerous stuff there, and you absolutely need to burn it, please get in touch with the fire department. At this time, there are fire permits issued that cannot be a little later in the season. Help to keep the FIRES OUT.

Ripple Tells Of His Work During War

Guest speaker at Tuesday's noon luncheon of the Sierra Madre Kiwanis Club was Sterling T. Ripple, local mortician and a past president of the Lions Club in town.

Mr. Ripple, who served as a graves registration officer with the rank of major during World War II, told of his experiences in England and France.

The Sierra Madre personally located the isolated graves of some 600 Allied war dead and arranged for their shipment back to the United States.

Death Takes Edith Dutcher

Funeral services were conducted in Eagle Rock Tuesday for Miss Edith N. Dutcher, a former long-time resident of Sierra Madre, who died Friday, April 4.

TELEPHONE PROGRESS

The extraordinary growth of Southern California during the last five years has kept telephone men humping to meet the continually increasing demand for service. The figures in the box below indicate what has been happening in the communities served by the Monrovia and Sierra Madre Exchanges. Keeping pace with development in such fast-expanding areas as this involves much more than placing instruments in the home. In the telephone business you have to go back to the beginning to prepare for abnormal growth, that is, to the central office where all telephone calls must first go before being sent on their way to destinations. To handle heavy traffic in the central office efficiently, you must have adequate installations of especially designed telephone machinery which is very expensive equipment. To appreciate this point compare the plant investment increase since 1946 (419%) with that of telephone stations in the same period (141%). This extensive development of facilities indicates the kind of progress that has been made in the last five years in bringing more and better telephone service to this area.

TELEPHONE STATIONS	
Dec. 31, 1946.....	6,713
Dec. 31, 1951.....	16,223
Increase.....	141%
PLANT INVESTMENT	
Dec. 31, 1946.....	\$ 748,559
Dec. 31, 1951.....	3,890,149
Increase.....	419%

Population continues to grow at a rapid rate and the demand for telephone service increases . . . and, in spite of the greatly expanded facilities, applications for service still remain unfilled. To take care of them, and the new applications which keep arriving month after month, many thousands of additional dollars will be spent in this area in 1952 to increase central office resources and outside plant facilities.

Money for new construction does not come from telephone bills, but from investors who put their savings in company securities and expect a fair return for the use of their funds. This means that rates for service must be sufficient to offset the higher costs of operation and produce earnings that will compare favorably with those of other industries seeking capital in the financial centers of the country.

Lutherans Plan Good Friday, Easter Rites

Good Friday services at Lutheran Church are scheduled for 7:45 p.m. tomorrow, the Rev. Mr. Schmitt preaching on "Prophecy Fulfilled in the Dead Christ." On Easter Sunday morning at 10 o'clock, Mr. Schmitt will speak on "If Christ Had Not Been Raised."

LETTER TO THE EDITOR

Editor, Sierra Madre NEWS:

Since the long-awaited suggestion for Sierra Madre's Pioneer Days is apparently to be permanently awaited, may I suggest for consideration and improvement, Build Bailey Canyon Days, actually only a variation of the proposal by the Recreation Commission.

Pre-plans would include preliminary clearing and eradication of poison oak; plans developed with available help of experienced county advisor already on payroll; volunteering of organizations or individuals for actual construction of facilities (needed are barbecues, tables and benches, rest rooms, rubbish containers, council fire).

On Build Bailey Canyon Days actual construction would progress, followed by an early evening picnic or potluck supper provided by the women as in the old barn-raising days, with possibly a square dance in the evening if anyone is still on his feet. This would eliminate expense of carnival participation by individuals.

Materials might be purchased from the \$9000 park fund surplus which annually reverts to the city.

There will be some sort of recreation provided from the next city budget, and redevelopment of Bailey Canyon provides a permanent facility, within walking distance of the center of town. It would encourage use by families and groups faced with transportation problems, possibly eliminating some needs for city-financed programs. It would provide an overnight camping spot for youngsters who otherwise can never have this valuable experience.

To start the ball rolling, Cub Scout Den 2 volunteers its services in construction and maintenance of a bird-feeding station (which is within the abilities of boys eight to eleven).

We could provide ourselves with many advantages by more strain on the muscles and less on the pocketbook.

Sincerely,

(Signed) MARTHA COUTANT

CITY NOW HAS 4055 VOTERS

Sierra Madre has a total of 4055 registered voters, according to figures compiled as of Feb. 14.

L. Marie Warfel, city clerk, pointed out, however, that this figure has increased "quite a bit" in the past month. And still more voter registrations are expected before the deadline for the June primary election on April 10 for the June primary election.

The 4055 represents an increase of 152 over the number of Sierra Madreans eligible to vote in 1950. The figure two years ago was 3903.

Mrs. Warfel reminded residents that they have just 20 days left in which to register.

Mrs. Millard Hosts Luncheon

Mrs. Hester Millard, 30 Windsor Lane, was hostess recently at a luncheon.

Guests attending included Mrs. Bea Thew, Mrs. Jennie Haines, and Mrs. Nina Bailey, of Sierra Madre; Mrs. Laver Millard, Altadena; Mrs. Rosa Lee Hunter and Mrs. Alice Knudsen, Pasadena; Mrs. Wanda Brewer and Mrs. Catherine Lea LaArgo, Los Angeles; Mrs. Lillian Caylen, Mrs. Hilda Wilkerson and Mrs. Elsie Butler, Hollywood; Mrs. Lillie Neese and Mrs. Mattie Weber, Southgate; and Mrs. Ethel Squires and Mrs. Marian Boyd of Inglewood.

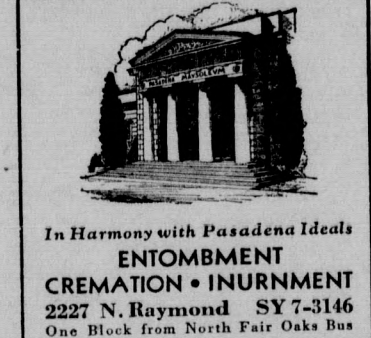

MRS. C. A. BALLOU LEAVES CITY

Mrs. Caroline A. Ballou, 28 N. Lima, a resident of Sierra Madre for 14 years, moved to Long Beach last week to be near her daughter, Mrs. Kenneth Kidder.

Mrs. Ballou, originally from Minneapolis, Minn., and formerly of Long Beach, moved from Chicago to California in 1919. Mrs. Ballou has lived in Sierra Madre at the Lima address for 10 years, and prior to that lived at 181 Vista Circle for four years. She is a member of the Faith Lutheran Church, the Sierra Madre Woman's Club and the Friendship Club.

Tuesday, March 25, Mrs. Ballou was honored at a farewell party given by Mrs. Fred Herzberg, 32 N. Lima, and on Tuesday afternoon by a luncheon given by Mrs. Carl H. Gerke, 602 Mariposa, with friends of the Faith Lutheran Church attending.

Planners Nix Variance Plea For School

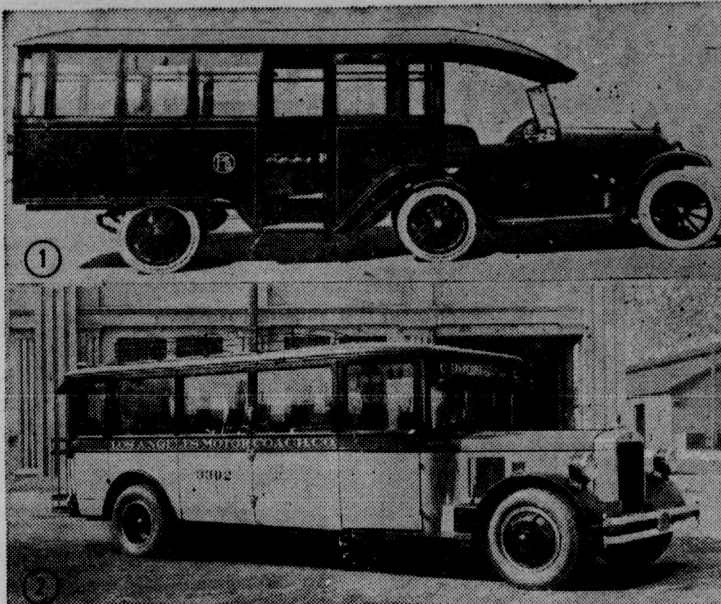

A variance request to build an exclusive-type private school at 500 N. Michillinda was rejected by the Planning Commission at its last meeting.

Planner L. W. Lisle summed up the feeling of the commission when he stated: "There are a number of other large estates in the area, and it seems to me if we granted this variance we would be setting a pattern for the rest of them."

C. O. Wallis Jr., who made the application, said that realtors have told him that large estates are hard to dispose of and suggested that he subdivide his. He said he thought building a school there would be "less objectionable."

Eight property owners in the neighborhood, including Planning Chairman Mrs. M. R. de Wright who stepped down from the commission table to offer her opinion, voiced protests to the variance request.

Star's Family Prepares to Beat A-Bomb

CIVIL DEFENSE FAMILY PLAN DRILL is held in Beverly Hills home of screen star Maureen O'Sullivan, her film director husband, John Farrow, and their seven children. Miss O'Sullivan, holding Teresa, six months old, is shown sounding patio bell which alerts family to

Hearing Set On Billboards

Public hearing on zoning amendments for establishment and maintenance of billboards and display advertising along freeways in unincorporated areas was set for May 6 at 11 a.m. in the County Board of Supervisors' Hearingroom in the Hall of Records.

The Regional Planning Commission, according to Supervisor Raymond V. Darby, has recommended strict regulation of outdoor advertising within 500 feet of freeways.

According to Mr. Darby, the problem has reached controversial proportions because of the interest taken by clubs, federations, and civic groups who protested such display advertising because of the possibilities of traffic hazards and landscaping detriments.

Sierra Madre's Community Coordinating Council last week went on record in support of action planned by the Women's Division.. of the Los Angeles Chamber of Commerce to combat the billboards being near freeways.

Local organizations also were urged to write letters to Supervisor Herbert C. Legg advocating closer control.

Pomona College Choir to Offer Benefit Concert

A 200-voice choir of the Pomona College music department will present a benefit program at 3 p.m. Sunday, April 20, in Bridges Auditorium, Claremont.

All proceeds from the concert, being sponsored by the Women's Campus Club, will be donated to Pomona College for its academic program. Several Sierra Madre women, all mothers of PC students, are selling tickets to the event.

They include Mrs. Harry Morley, 400 Ramona; Mrs. Mary Griffin, 183 E. Laurel; Mrs. H. E. Dewey, 50 Rancho Road; Mrs. Leon Rizer, 670 W. Alegria; and Mrs. P. R. Woodworth, 522 W. Sierra Madre boulevard.

Scout Uniform Exchange Plan Proposed Here

A "Scout uniform exchange" is being organized in Sierra Madre by the Women's Auxiliary of Boy Scouts.

According to the plan, Scouts who outgrow their uniforms or no longer need them may turn them in to Louis McClelland, local Scoutmaster. They will be given free to other Boy Scouts.

The auxiliary also is making an appeal for rags, proceeds from which will go into the camping fund. Three local women are in charge of calls for pickups of rags:

Mrs. T. E. Dammeier, 84 Esplanza, CUster 5-4898; Mrs. Cynthia Brundstad, 269 W. Laurel, CUster 5-6701, and Mrs. Merle Armstrong, 57 Lowell, CUster 5-6279.

The Women's Auxiliary met last week at the home of Mrs. Walter Claus, 3800 Landfair Road.

Mission Aid Postpones Meet

The Ladies Mission Aid of Faith Lutheran Church has postponed its regular scheduled meeting for today until next Thursday, April 17, because of Holy Week.

On that day, at 12:30 p.m., upstairs in the Woman's Clubhouse, 270 W. Sierra Madre boulevard, the Lutheran women will hear a talk by Mrs. Herbert Hackstedde. "Keeping Up to Date on the Bible" is the subject chosen by Mrs. Hackstedde.

Monitor Lauds Lee Shippey's Campaign

Lee Shippey's unique campaign for Congress was given new prominence this week when the April 2 issue of Christian Science Monitor, a national newspaper published in Boston, Mass., reached California subscribers.

Featured in the Monitor is a 1000-word article by Kimmis Hendrick, editor of the 11 western states, which describes the campaign being waged by Mr. Shippey, a Sierra Madrean and a cross-filed candidate for Congress in the new 21st Congressional District which includes Sierra Madre, Coronet Homes, Hastings Ranch and parts of East Pasadena. The Monitor article says:

"Lee Shippey, influential writer in these parts, has precipitated as challenging an issue into the California Congressional campaign as anybody has heard of for years.

"Mr. Shippey wants to make candidates for political office strictly accountable for the money they spend getting elected. If the So-and-So Slot Machine Company pays for their billboards, he wants this known. If they spend way out of proportion to what they can possibly earn in office, he wants this known, too."

Mr. Shippey reportedly was told by a known campaign manager that he could run his campaign for "\$50,000." The salary of a Congressman is less than half that figure.

The Monitor says: "It is his hope to win in the primary for \$1500. He will have to do it, and if he does, mostly by leg work, hand shaking and meetings in people's parlors."

Previously members of the U.S. Senate Committee of Political Ethics had written the Sierra Madre candidate letters of approval, as had David Lawrence, editor of U. S. News and World Report, Radio Commentator Elmer Davis and others.

Millards Host Sunday Dinner

Mr. and Mrs. Charles W. Millard, 30 Windsor Lane, entertained recently with a Sunday dinner.

Guests attending included their son, Dan Millard and family of Altadena, and Mr. and Mrs. Nels Clunier and family of Whittier.

STORM DRAIN BOND ISSUE NOW TOTALS \$160 MILLIONS

County Supervisors last week approved an interim report of Flood Control Engineer Harold E. Hedger, adding \$45,000,000 worth of new projects to the proposed storm drain bond issue.

The proposal now totals \$160,000,000 as a result of requests by 25 municipalities for inclusion of additional local projects on the list.

The board withheld expressions of its attitude toward placing the issue on the November ballot. Supervisors Raymond V. Darby and John Anson Ford both opposed an immediate decision and called for maps and other data showing exact location of all the proposed improvements, costs, direct and indirect benefits to accrue from the project. A decision is expected later this month, Supervisor Darby stated.

'Hm-m-m Boys' Will Appear At Playhouse

Jack Benny's famous "Hm-m-m Boys," the Sportsmen Quartet, bring their four-man laugh riot to the San Gabriel Mission Playhouse on April 26 for one evening, as a part of their successful tour of the nation's top night clubs and hotels.

Hailed by critics coast to coast as the nation's top quartet, the boys have gained great renown for their singing commercials on Benny's Sunday night soirees. They now are in their sixth year with the "Pride of Waukegan" and also are in their fifth year with the Phil Harris-Alice Faye Show.

All proceeds from the Sportsmen's performance at the Mission Playhouse go toward the construction of a children's wading pool by the San Gabriel Chamber of Commerce.
